In Memory of Weebiscuit

Dear Friends,

As announced on our Facebook page, and for those of you who didn't know already, our dear little angel Weebiscuit passed over the rainbow bridge in May of this year. This tiny horse with the biggest spirit will forever stay in our hearts. Before his passing, he shared a couple more updates for all of his friends in the community who were so moved by his (and Cole's) animal cruelty rescue story.

Update Letter 2:

I am writing to tell everyone how Cole and I are doing since I last wrote. We have been living together at Finger Lakes SPCA (FLSPCA) in a clean, warm, safe barn. Both of us have been eating lots of fresh hay and grain. Our moms here make us take vitamins every day too. So many nice people bring us apples and carrots, and those are our favorites. Both of us have gained weight, and the doctor says we don't need to gain anymore. We are so loved every day. Can you believe, we have three moms to love and care for us.

I have made several trips to Cornell University to see my special farrier, Steve. He has been making frequent trims and adjustments to my hooves following my surgery there at the equine hospital. A few times after seeing him, I was able to walk much more normal and comfortably. I was able to leave my stall and walk outside to eat some grass in the yard.

I want to thank everyone who donated money to the shelter in mine and Cole's name. Because of you, I have been able to see doctors to try to get better. I would not have had this chance to try to be able to walk again like a normal horse without you (and Cole wouldn't have received the care he needed). When you donated money, brought me treats and prayed for me, I knew you cared and that made me try my hardest to get better.

I want you all to know that I have lived more happily and been more loved in the past months, than ever before in my life. I was given special mats to walk and sleep on in my large stall, I got my hair and tail brushed and groomed, I listened to music in my stall, my feet were soaked, I wore a handsome brand new blue winter blanket, got a new blue halter when I outgrew my red one, ate lots of fruits and vegetables, and even got peppermint candy when I went on road trips in the truck. When I rode in the truck with one of my moms, she rolled all the windows down. My mane blew in the wind. My mom said, I looked like I was a race horse running through a grassy field. I felt like I was too and that was exciting. (Continued)

In Memory of Weebiscuit (continued)

Update Letter 3

Hi again, it is me, Weebiscuit. It is spring here at the farm. The weather is finally beautiful and my barn door is wide open, so I can see and hear and smell the beautiful world around me. I love my home and family here at the shelter. I have some news to share with you. This spring ended up being a hard time for me. I have seen several doctors. Because I am such a special case, it has been difficult at times to know what to do. I haven't been feeling well. My family at the FLSPCA and I knew that we would face many challenges together on the road to keeping me feeling comfortable and able to bear my own weight (without a lot of pain) for the long-term. Every day comfortable would be a gift. As the result of my past abuse and damage caused by my hooves being left to grow too long and to curl into elf slippers, I am struggling now to stand pain free. While a surgery and specialized farrier care, pain medication and so much love, helped me to live and be comfortable in the short-term, the future and reality of my neglect is now here. I am struggling, and it is my time now. I want everyone to know how much I love them.

I have always told my farm family at the shelter "thank you for rescuing me from a scary place, loving me and giving me a chance. These were the happiest days of my life". Please don't be too sad. I feel so loved, safe and at peace. Everyone tells me I have the heart of a champion and how proud they are of me. I feel the same about all of you. I need your help with one last thing for me. I know you have already given so much. Cole knows I will be in heaven soon and will run again with the horses. I know someday he will join me, and we will be together again. For now, Cole and I have an understanding that he has to go on here without me and live his best life for both of us. Please help him to find a herd and forever home with a wonderful human family who knows what a gift he is. I'll be looking out for him from above. Again, thank you to all of you who donated, prayed or supported mine and Cole's care in any way. "Lucky was I my heart had a home and with you by my side I was never alone"

Weebiscuit

(Penned by a Friend Who Knew Him Best)

Sincerely,

Vicki S. Mosgrove, Executive Director

ADOPTABLE Cole

Handsome boy Cole is an animal cruelty survivor who is available for adoption. This sweet and bideable gelding pony is approximately 17-18 Years-old. He has had a recent teeth float, farrier care and has up to date vaccinations. Cole is a little skittish on first greetings and in new situations. He would benefit from additional training, but has some basic ground manners and wants to learn.

ADOPTABLE Kit Kat and Barney

Seniors for Seniors (Silver Paws Program) participants.

Through this program adoption fees are waived for compatible adopters who are 55 and up. Barney and Kit Kat have serene and loving natures. Barney is a senior fellow, ~11 years, and Kit Kat is ~ 5 years-old. Both have been at the shelter for a very long-time, and they are best friends. Barney & Kit-Kat are sweet cats who like to get pets and sun themselves a lot. Both are already neutered and spayed, microchipped, have up to date vaccines, have been viral tested and are litter box trained.

ADOPTABLE Shadow

Shadow is a 3 year-old Shar-Pei mix. She is a little shy meeting new people. But, once she gets to know you, she will be your absolute best friend! Shadow loves toys and appears to like other dogs. She would prefer a home with no cats.
